Excel 2007 Essential Training - 02NYL570 - lynda.com

Product Description

Time

Excel 2007 Essential Training

Approximately 5 Hours 15 Minutes

Like the other applications in Microsoft Office 2007, Excel 2007 boasts upgraded features and a brand-new look. In Excel 2007 Essential Training, instructor **Lorna A. Daly** introduces the new version in detail. The training begins with the essentials of using the program, including how and why to use a spreadsheet, how to set up and modify worksheets, and how to import and export data. **Lorna** then moves on to teach more advanced features, such as working with functions and macros.
